Water Treatment and Troop Support Specialists

Negatively Pressurized Container – Lite (NPC-L)

NPC-L is the ONLY USAF certified transport solution for highly contagious infectious diseases.

- NPC-L is a Negatively Pressurized Container allowing the transport and critical care of highly infectious patients without compromising the safety of the flight crew.
- Certified on both C-130 H/J and C-17.
- Utilizes only four pallet positions – has aisle way.
- NPC-L can transport up to 16 ambulatory patients, 4 litter patients, 2 critical care patients or variations thereof.
- The NPC-L interfaces with the aircraft palletized cargo handling system rails and locks – additional restraint is not required.
